#### Commercial Space Transportation Forecast Conference and Special Public Session

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of Commercial Space Transportation Forecast Conference and Special Public Session.

**SUMMARY:** The first national FAA Commercial Space Transportation Forecast Conference, Commercial Space Transportation in the 21st Century: Technology and Environment, 2001-2025, will be held on February 10-11, 1998, at the Key Bridge Marriott Hotel, Arlington, Virginia. The conference will bring together industry leaders, government officials, members of academia and other interested parties to explore the future of this rapidly growing industry and developments which may be expected, both domestically and internationally. Participants will share their visions on technology development, international competitiveness and cooperation, business opportunities and government oversight requirements. It will provide the FAA essential guidance on what resources and capabilities that will be required to successfully accomplish its oversight and regulatory responsibilities

for the commercial space launch industry and inform future policy decisions.

The conference incorporates, a special session at 2:00 p.m., February 11th, to gather public views and information on "Flight Safety in a Commercial Environment." Topics we hope to hear about from the public include flight safety considerations that may affect new vehicle development and commercial launch site operations. Participation in the special session is free and open to the public. A conference fee is required to attend all other conference sessions.
